

Environmental Policy

At East Riding Sacks Limited, we are committed to fulfilling our social obligations to minimise the impact of our business operations on the environment by:

- compliance with environmental legislation, regulations and other requirements to which the Company subscribes
- efficiently using natural resources and recycling wherever possible
- minimisation of waste and of emissions to air and water
- prevention of pollution
- proper understanding of all stakeholder requirements
- effectively monitoring and continually improving environmental performance
- maintaining a life cycle perspective
- providing adequate and appropriate resources to implement this policy.

East Riding Sacks Limited will set targets and objectives for the continual improvement of environmental management and monitor, record and review details of environmental performance. This intent is supported by our Management System which is working in compliance with ISO 14001:2015 as a mainstream business activity.

The policy is made available to all East Riding Sacks' employees and will be subject to annual review to ensure it continues to meet our environmental management requirements.

For and on behalf of East Riding Sacks Limited
