

# Environmental Policy

At East Riding Sacks Limited, we are committed to fulfilling our social obligations to minimise the impact of our business operations on the environment by:

- compliance with environmental legislation and regulations
- efficiently using natural resources and recycling wherever possible
- minimisation of waste and of emissions to air and water, preventing pollution
- proper understanding of all stakeholder requirements
- effectively monitoring and continually improving environmental performance
- maintaining a life cycle perspective
- providing adequate and appropriate resources to implement this policy.

East Riding Sacks Limited have set targets and objectives for the continual improvement of environmental performance. Our near-term emissions reduction target for Scopes 1 and 2 is 54.6% by 2033. For Scope 3, we have targeted a reduction of 32.5% across the same period. During 2025, these targets will be publicly available on the SBTi website.

This intent is supported by our Management System which is working in compliance with ISO 14001:2015 as a mainstream business activity.

All suppliers of paper to East Riding Sacks Limited have committed to comply with EU Deforestation Regulation (EUDR) 2023/1115 when this is introduced in full force on 30<sup>th</sup> December 2025. This legislation promotes consumption of 'deforestation-free' products and aims to reduce greenhouse gas emissions and biodiversity loss.

This policy is made available to all East Riding Sacks' employees and will be subject to annual review to ensure it continues to meet our environmental management requirements.

For and on behalf of East Riding Sacks Limited
